Rabat, Rabat-Salé-Kenitra, Morocco

PROFESSIONAL SUMMARY

Elasticsearch Consultant and Trainer with strong experience in data-intensive and telecom environments. I design, scale, and optimize Elastic Stack platforms for search, observability, and fraud detection use cases. Elastic Certified and Gold Contributor, I also deliver hands-on training for engineers, students, and technical teams, helping organizations turn Elasticsearch into measurable business value.

CORE EXPERTISE

- Elasticsearch & OpenSearch
- ELK Stack (Logstash, Kibana, Beats, Elastic Agents)
- Search · Observability · SIEM
- Data pipelines: Kafka, Spark, Flink, Redpanda
- Telecom data (CDR/EDR, QoS/QoE)
- Python, Java, Linux, Docker

PROFESSIONAL EXPERIENCE

Telecom Data Engineer at Synaptique (Full-Time)

Aug 2021 - Present / Rabat, Morocco

- Designed and optimized Elasticsearch clusters for large-scale telecom data analysis (CDRs)
- Built real-time ingestion pipelines using Logstash, Kafka, Spark, Flink, and Redpanda
- Delivered dashboards and analytics for network monitoring, observability, and fraud detection
- Implemented cluster monitoring using Filebeat, Metricbeat, and Heartbeat
- Led internal knowledge transfer and training on the Elastic Stack

Elasticsearch Instructor at Udemy (Partial-Time)

Mar 2025 - Present / Remote

- Design and deliver hands-on Elasticsearch courses in English and French
- Train engineers and students on real-world search, observability, and analytics use cases
- Support learners in building production-ready Elastic Stack skills and certification readiness

Java Software Developer at Netopia Solutions (Full-Time)

Jan 2021 - Jul 2021 / Rabat, Morocco

- Developed and maintained backend Java applications using JEE and Spring Boot
- Implemented business logic and RESTful services for scalable enterprise applications
- Collaborated with cross-functional teams to deliver reliable, maintainable, and high-performance software
- Participated in code reviews and supported application optimization efforts

Analyst & Software Developer at Netopia Solutions (Internship)

Sep 2020 - Dec 2020 / Rabat, Morocco

- Contributed to the design and development of fraud detection solutions using Python
- Supported technical projects and market research through data analysis and automation
- Assisted in building analytical tools to enable data-driven decision-making for clients
- Worked closely with senior engineers to translate business needs into technical solutions

4G Performance Analysis at Ingecys Telecom (Internship) Jan 2020 - Jul 2020 | Rabat, Morocco

- Analyzed 4G KPIs from Huawei, Nokia, and Ericsson equipment
- Developed Python tools with MongoDB for KPI storage and analysis
- Built dashboards and visualizations for QoS monitoring and network optimization

Nanosatellite Project at INPT (Internship) Jul 2019 - Oct 2019 | Rabat, Morocco

- Participated in the architectural design of nanosatellite systems, including functional components and communication layers
- Built simulation models to validate system behavior and design assumptions

Elasticsearch Prototype Developer at Synapticiel (Internship) Aug 2018 - Sep 2018 | Rabat, Morocco

- Developed an Elasticsearch-based search prototype for telecom CDR analysis
- Decoded ASN.1 files using Java and ingested data via Logstash and Filebeat
- Created Kibana dashboards for analytics and visualization

EDUCATION

INPT - Rabat, Morocco

Sep 2017 - Jul 2020

Engineer's degree, Mobile Network

Focus on mobile networks, wireless protocols, network optimization, and spectrum management.

CPGE - Mohammedia, Morocco

Sep 2015 - Jul 2017

Mathematics, Physics and Industrial Sciences

HIBISCUS - Parakou, Benin

Oct 2012 - Jul 2015

High School Diploma, First-class honors

CERTIFICATIONS & RECOGNITION

- Elastic Certified Engineer - Elastic, ID 47858075
- Elastic Certified Observability Engineer - Elastic, ID 162009610
- Elastic Certified Analyst - Elastic, ID 161408160
- Elastic Gold Contributor (Europe · Africa · Asia)
- Stream Processing with Apache Flink - Udemy
- Telecom QoS/QoE – ITU Academy

COMMUNITY & LEADERSHIP

Secretary General at COBEM (Communauté des Béninois au Maroc)

Sep 2022 - Present | Rabat, Morocco

- Lead initiatives to support and connect the Beninese community in Morocco
- Coordinate community events and social activities
- Manage internal and external communications
- Foster member engagement and collaboration within the community
